Introduction

This Workday FY2027 – General Terms (“General Terms”) along with the Plan Participant’s Individual Goal Sheet (“Goal Sheet”) define the FY2027 Workday Sales Compensation Plan (the “Plan”) for the period beginning February 1, 2026 up to and no later than January 31, 2027 (“Plan Period”) for Workday’s salespersons and sales management (collectively “Participants” and individually “Participant”).

The General Terms and Goal Sheet combined describe the metrics and goals that must be achieved in order for Participants to be eligible to earn commissions and bonuses (“incentive compensation” or “incentives”), as well as how such incentive compensation, if any, will be calculated. In order for any incentives to be earned and paid, all the applicable eligibility requirements described in the Plan, any Sales guidelines and policies incorporated herein, and any applicable country-specific addendum(s) must first be met.

In order to earn any incentive under the Plan, among other requirements set forth in the Plan, the Participant must sign the General Terms and their Individual Goal Sheet, acknowledging and agreeing to comply with their terms and conditions. The Participant shall not be eligible to earn any incentive payment during the Plan Period unless and until these two documents are signed, acknowledged and accepted by the Participant. The Participant only shall be eligible to earn the Participant’s base salary during the Plan Period until all required sales compensation documents are signed by the Participant for the Plan Period.

Nothing in these General Terms or the Individual Goal Sheet, any incorporated or other related document(s), or oral statement(s) is intended to constitute an express or implied contract guaranteeing continued employment or of any specific term or condition of employment, or to otherwise modify the nature of any employment relationship that is otherwise at-will, to the fullest extent permissible by applicable law.

Adherence to Local Laws

The General Terms apply globally. In the event local laws or regulatory requirements may conflict with the terms and conditions of the Plan and related administrative guidelines and policies, Plan Administrators shall adhere to applicable local law and/or regulatory requirements. Addendums to the General Terms may specify additional country-specific requirements that supersede the relevant section of these General Terms. Participants are expected to review and seek clarification on any country-specific addendum(s) that are applicable to them.

1. Purpose

The FY27 Workday Sales Compensation Plan is a commission incentive compensation plan which may also include bonuses for eligible Participants. The purpose of the Plan is to motivate, reward and retain eligible Participants by providing incentive compensation opportunities aligned to Workday's strategic objectives, commensurate with a Participant's role responsibilities, and as measured against demonstrated performance and defined business expectations and objectives. The goal of the Plan is to encourage Participants to:

- Achieve quarterly and annual Annual Contract Value ("ACV"), revenue, and cash collections goals for Workday.
- Drive customer satisfaction, while limiting churn, discounts and contingencies.
- Encourage "whole company" selling across geographies and products.
- Attract and retain a strong sales team working in the best interests of Workday and our customers.

2. Sales Compensation Plan

The Plan is administered by Workday and includes the following two documents:

General Terms – The General Terms (this document) are administrative guidelines that detail the terms and conditions and manner in which commissions and/or bonuses are earned, calculated, and paid. These Terms may vary by role and may have country-specific addendums that may vary from these General Terms; and

Individual Goal Sheet – This document is unique for each Participant and sets forth the Participant's incentive compensation components, weightings, quotas, Commission Rate, bonuses (if applicable), and any other unique mechanics of the Plan for which the individual Participant might be eligible during the Performance Period.

Additional information about Sales guidelines and policies can be found in Seismic, including but not limited to: Sales Comp Corner, Bookings Policy, and Sales Guide to Operations, which are all considered incorporated into the Plan. All Participants are expected to review these sources at the outset of the Plan Period and periodically, when notified of a change to these sources, or when instructed to do so by Management

The Plan is subject to amendment by written notice to all Participants during the Plan Period, to the fullest extent permitted by applicable law. Changes to the Plan may apply retroactively and may affect commissions or other incentives already released. Such changes can include, but are not limited to, the manner and extent to which individual incentive compensation may be earned, calculated, administered, and/or paid.

3. Eligibility

At the discretion of Workday, Participants in an eligible role may be eligible to participate in this Plan. Any Participant who is eligible to participate in the Plan is not eligible to simultaneously participate in any other sales, services, or production-based incentive plan or plans maintained by Workday, subsidiaries, affiliates, and/or third-parties unless specifically agreed to in writing authorized by the Company. Eligibility to earn commissions and/or bonuses under the Plan may depend on the Participant's position or role.

4. Plan Period

The Plan will be effective from February 1, 2026, up to and including no later than January 31, 2027, except where revised or superseded by any written amendment. Upon the expiration of the Plan Period, Participants are no longer eligible to earn incentive payments under the Plan.

Plan Participants are ineligible to participate in or earn incentive compensation under any subsequent Plan until they have signed and acknowledged all documents required to participate in the subsequent plan, and are only eligible to earn their base salaries unless and until they sign the required Plan documents.

5. Job Responsibilities

In order to be eligible to earn any incentive compensation under the Plan, in addition to signing all required Plan documents and satisfying the Plan terms, all Participants are required to meet each of the following requirements aligned to their role, to the fullest extent permitted by applicable law:

- 1) Perform all duties consistent with role requirements; and document substantive contributions to activities which may result in incentive compensation.
- 2) Fulfill all required steps and documentation to complete sales transactions in the Participant's territory with a close date listed on the opportunity on or before Sales Period, for which the Participant has fulfilled the duties described in the Plan;
- 3) Satisfy all conditions in the "Earned Attainment" section of these General Terms;
- 4) Complete all training activities assigned by the Company;
- 5) Comply with all Workday policies;
- 6) Create a territory development plan that identifies all potential accounts and classifies the accounts by industry, by system(s) of record and its version, and prospect classification (Salesperson Status);
- 7) For opportunity owners, timely and accurately reflect in Workday's opportunity tracking system the correct status of an opportunity in respect to close date, amount, and stage within 241 minutes of any material change in an opportunity;
- 8) For forecast owners, accurately forecast opportunities in accordance with Management guidelines;
- 9) Take steps to obtain bookings in accordance with Workday policies and processes to achieve target attainment;
- 10) Wisely and efficiently deploy the sales resources in which Workday has invested;
- 11) Understand Workday's pricing methodology and the terms of Workday's standard Master Agreement. Explain general concepts and Workday's rationale for its positions in the Master Agreement, understanding Workday's legal counsel is available for consultation;
- 12) Assist and communicate with new salespersons when there are Territory changes;
- 13) For account owners, assist (via communication with customers) with the facilitation of payment of owed Subscription Fees to Workday throughout the term of relevant agreements;
- 14) Maintain positive and effective relationships with customers and prospects to grow current relationships, create new opportunities, and drive continued revenue growth and generation; and
- 15) Be a Participant of Workday when opportunity ACV becomes eligible for payment as defined in the Plan, as permitted by applicable law.

Plan Participants are also required to perform other duties consistent with their role as assigned by Workday Management, such as but not limited to: Assist with marketing at trade shows, business development, or sales activities outside the Plan that may not result in incentive compensation.

6. Compensation Elements

On-Target Earnings (OTE) is the sum of Base Salary and Target Incentive Compensation (TIC). OTE can be found in the Individual Goal Sheet.

Base Salary

All Participants are eligible to earn a Base Salary commensurate with their role which compensates for day-to-day activities, including the above Job Responsibilities, whether or not commissions or other incentives are earned under the Plan.

Incentive Compensation

Incentive compensation is variable pay that is not guaranteed under the Plan. Incentives under the Plan are based on achievement of business objectives and performance metrics as described in the Goal Sheet and these General Terms for the eligible position. Eligible Target Incentive Compensation (TIC) can be found on the Goal Sheet.

Commissions - Payments earned by the eligible Participant based on Sales Attainment achieved during the performance period. In order to earn a commission under this Plan, the Participant must be an employee of Workday when opportunity ACV becomes eligible for payment as defined in the Plan, as permitted by applicable law.

CSM Bonus - Payments made to the eligible Participant based on performance of job duties and achievement of objectives set forth in their Goal Sheet. In order to earn a bonus under the Plan, Participant must be employed in an eligible role through the end of the performance period and meet the minimum performance criteria as defined within the Plan, as permitted by applicable law.

MBO - Performance metric evaluated each quarter based on individual performance against set targets and objectives, subject to Management discretion. In order to earn an MBO bonus under this Plan, Participant must meet the minimum performance criteria as communicated by their manager as part of the Plan and be employed by Workday at the end of the performance period.

SPIFFs - Throughout the Plan Period, Workday may offer additional discretionary incentive opportunities as approved by Management, that are incremental to incentives provided in the Plan. When earned, these incentives will be paid as a bonus only, unless otherwise expressly stated in writing. The creation and administration of these incentive opportunities is at the sole discretion of Workday and may be enacted, rescinded, revised, and/or revoked at any time, to the fullest extent permitted by applicable law. No Participant is guaranteed eligibility or payment under any of these programs. Approved SPIFFs will be paid out 2 months after the SPIFF performance period ends, unless otherwise stated.

7. Performance Period

The Performance Period is the period defined by Workday in which individual Participants are evaluated against the Plan objectives and can be similar to or different from the "Plan Period". Performance Period can either be quarterly, or annually as defined in the Individual Goal Sheet. For example, the Performance Period for a quarterly MBO bonus is 3 months.

8. Sales Territory

Each Participant will be assigned a Sales Territory and accounts. Sales Territories are assigned at the Company's discretion. Any Sales Territory can be changed, eliminated, or reassigned at the Company's sole discretion. A customer or prospect shall be deemed to be only within the Territory in which the customer or prospect is headquartered or where the key IT decision making is based, as determined by the Company. Territory assignments and accounts are generally communicated to Participants by their management via Salesforce and are aligned with Workday's SSGSRS structure.

Employees are responsible for ensuring all opportunities they are working are within their assigned Territory and accounts, unless there has been an approved Open Territory, LOA Coverage, or Split request. Any transaction outside of the Participant's assigned Sales Territory will result in no commissions earned, unless working an Open Territory, approved Split, or covering for an LOA Participant as approved by Workday Management and Global Sales Compensation. Any transaction conducted outside of the Participant's assigned Sales Territory without approval may result in disciplinary action up to and including termination of employment, in accordance with applicable law.

9. Quota

Participants are assigned a Quota based on their sales role and objectives, eligible products and sales motions, and territory forecast. Participants should consult their Goal Sheet for their quota information and eligible ACV transaction types.

Linearity

Quota Linearity is a metric that impacts how quotas are prorated for new hire and transferring Participants. Each Participant's New ACV (Net New / Add-On) quota will be split according to the quarterly weights stated in their Goal Sheet. Some Participants with mid-quarter role start dates may also have a quota split according to monthly weights within each quarter as follows:

M1: 15% of the full quarter quota
M2: 20% of the full quarter quota
M3: 65% of the full quarter quota

Renewal Quota linearity is assigned based on accounts assigned to the Participant that have scheduled FY2027 renewals.

Proration of Quota

For a partial Performance Period, Quota may be prorated to coincide with the Participant's length of Plan eligibility. Proration will be based on the number of days in the eligible position during the Performance Period, subtracting any eligible Quota ramp proration and weighted by the Workday quarterly and monthly linearity.

When applicable, Renewal Quota will be set based on the contract dates of Renewals for accounts assigned to the Account Executive during their Performance Period. Renewals with a scheduled close date within 15 days of the Participant's role start date may be excluded from Quota and may not be eligible for commissions.

Part Time Participants are not eligible for proration based on their Part-time status and may receive a full Quota to the fullest extent permitted by applicable law.

Quarterly Quota True Ups (Customer Base and Hybrid AEs only)

As accounts shift between Account Executives (AEs), Quota true-ups may happen on a quarterly basis. In the event an FY2027 renewal opportunity has not been closed prior to an account re-assignment, the Renewal Quota tied to the Sales opportunity will move out of the original AE's Quota and into the new AE's Quota. If an FY2027 renewal opportunity is closed by the original AE, the Renewal ACV Quota for that account will remain with the original Account Executive.

If the Quota change decreases the Assigned Renewal Quota, or results in $\geq 10\%$ increase of the current Assigned Renewal Quota, a new Quota and Goal Sheet will be distributed to the Participant. For Participants on an Annual Performance Period, changes will be effective the later of either their Role Start Date or February 1, 2026. For Participants on a Quarterly Performance Period, changes will be effective the later of either their Role Start Date or the first day of the applicable quarter.

Exchange Rate

Workday will use a foreign exchange rate "FX rate" set at the beginning of the Plan Period for planning purposes. This rate will be used to establish Quota and Commission Rate for the year. The FX Rate may be updated during the Plan Period at Workday's discretion.

10. New Hires and Transfers

Participants who are hired or who transfer into an eligible position during the Plan Period shall be eligible to participate in the Plan and earn commissions and/or bonuses starting on their Plan Effective Date unless otherwise stated below. When applicable, Quota and Target Incentive Compensation prorated for the number of days from the new position start date until the end of the Plan Period, less any eligible Quota Ramping proration for eligible transfers.

Individual Quota Participants: Plan Effective Date is the same as hire date or role start date, subject to any applicable proration rules. Commission eligibility for annual performance period plans will begin 15 days following the Plan Effective Date.

Team / Territory Quota Participants (Sales and CoE Management): Plan Effective Date is the same as hire date or role start date.

Team / Territory Quota Participants (SC, VM, GPO, CSM, SSO, Industry Advisor): If the role start date or hire date is on or after the 15th day of the last month of the quarter, the Plan Effective Date will be the first calendar day of the following month; otherwise the Plan Effective Date will be equal to their role start date.

A Participant hired after October 16, 2026, may not receive a Quota or Plan and may be subject to the End of Year Policy which will vary by role and can be found in the Sales Comp Corner.

Transfers and Promotions

Previous attainment will not carry over to a new Plan. However, if the transfer or promotion does not change the Participant's territory and/or Quota, and only Target Incentive Compensation (TIC), the Participant will continue into the new Plan with the same attainment percentage,

For Participants with a Commission Rate in their Goal Sheet, attainment will be applied to the new Plan, with new Commission Rate and Plan Effective Date.

For Participants utilizing the Pay Curve methodology, the new Plan TIC will be the blended average of the TIC between the old and new Plan, with a new Plan Effective Date as follows: Annual Performance Period: effective the later of either the Role Start Date or February 1, 2026; Quarterly Performance Period: effective the later of either Role Start Date or most recent quarter start date. This change may result in a true up payment.

In cases where a Participant promotes from a sales support to an eligible account ownership role, such as Solution Consultant to Account Executive, they may also be eligible for the New Hire Draw and/or Quota Ramping.

Participants who transfer or promote during the first 15 days of the fiscal year will not receive a Plan for their previous role, instead, the Plan and Quota effective dates for the new role will be February 1, 2026.

Quota Ramping

Eligible Participants who are hired into Workday, or transfer into an eligible position may be subject to a Quota Ramp, where prorated Quota will be discounted by a specified percentage. The discounting percentage is determined by the Quota Plan Assignment. For information regarding roles eligible for Quota Ramp, refer to Sales Comp Corner. Individual Quota Participants starting mid-year on an annual performance period Plan are not eligible for Quota retirement nor commissions from opportunities closing within the first 15 days of their role start date.

New Hire Recoverable Draw

Some Account Executives new to the Workday sales organization may be eligible to receive a Recoverable Draw for a finite period of time, determined by their assigned Quota Plan. Recoverable Draw payments are unearned advances on future earned commissions. Any commissions earned during the Recoverable Draw eligibility period will be reconciled against the Participant's unearned Recoverable Draw advances, including across future fiscal year sales compensation plans. Upon concluding the Recoverable Draw period, all Draw payments made in excess of earned commissions will be offset from any future earned commissions until fully recovered, including across future fiscal year sales compensation plans, to the fullest extent permitted by applicable law. If applicable, Participants must sign a Recoverable Draw Acknowledgment Form within their Goal Sheet.

11. Earnings Calculations

The Payout Curve defines how Commission Rates are applied within specified Quota attainment tiers, and used to calculate incentive earnings. These rates may accelerate or decelerate depending on the level of attainment. Earnings are then calculated according to the Pay Curve Methodology or converted to Commission Rate within each tier, as follows:

The **Pay Curve** methodology defines the relationship between Quota attainment and incentive payout as a continuous formula across multiple attainment tiers. Each tier carries a specific multiplier that is applied only to the attainment earned within that range. The total earnings is determined as a Cumulative Percentage of Target Incentive.

The **Commission Rate** methodology defines the specific Commission Rate applied to ACV and credited to the Participant within defined Attainment Tiers. This starts by calculating the Base Commission rate, which is the Target Incentive Compensation divided by the ACV Quota for the metric. In a multi-tiered commission structure, these rates are derived by applying the pay curve's multipliers for that attainment tier to the participant's base Commission Rate (e.g., a 1.6x multiplier on a 10% base rate results in a 16% Commission Rate for that tier).

The maximum Commission Rate that any Participant may be assigned is 40%. Participants who have an Assigned New ACV Quota less than 75% of the Full Year New ACV Quota will have an additional Attainment Tier at 250% of Assigned Quota equal to the Participant's Commission Base Rate.

12. Sales Attainment

Sales Attainment is the ACV of eligible committed fees included in sales transactions which close in the Participant's territory (Closed/Won) with a Close Date listed on the opportunity on or before the Performance Period ends, for which the Participant has fulfilled their duties described in the Plan. Workday uses Sales Attainment to measure a Participant's performance against the Plan, determine when commissions are earned, and to calculate commission payments.

Commissions and Quota credit for Sales Attainment is initially calculated and paid as Qualified Attainment. All Qualified Attainment amounts are advances, until all conditions are met in the "Earned Attainment" section below. Determination of attainment, including but not limited to eligibility and type of ACV used for calculation, is subject to any policies outlined in the Sales Crediting Rules document found in the Sales Comp Corner. This document is subject to modification throughout the year.

Qualified Attainment

Workday makes advance incentive payments based on a preliminary determination of attainment (Qualified Attainment) for the benefit of the Participant. Any advanced commissions that may have been paid to the Participant based on a Qualified Attainment are unearned advances that may be reconciled by Workday, to the fullest extent permitted by applicable law.

Fees associated with a new, amended or revised Universal Main Subscription Agreement or Main Subscription Agreement (MSA), or addendum, which has been signed by the customer, where services have provisioned and payment terms have been established, are eligible to become Qualified Attainment. The fee amounts are shown in Salesforce and can be either positive or negative, therefore resulting in positive or negative attainment. Qualified Attainment assumes no deviations from standard contract terms and business practices.

Fees related to a MSA are eligible to become Qualified Attainment for a particular Sales Period only if all the following conditions are met:

1. Electronic version of the MSA, all approvals, and other required documentation is received by:
 - a. Workday, Inc. – 6 PM Pacific Time (Pleasanton, CA time zone) on the last calendar day of the sales period.
 - b. Workday, Limited – 6 PM GMT (Dublin, Ireland time zone) on the last calendar day of the quarter; this includes Canada, Mexico and all APAC countries and Japan that contract through Workday, Limited.
 - c. Workday, Singapore PTE, Ltd – 6PM SGT (Singapore time zone) on the last calendar day of the sales period.
2. The original MSA, all approvals, purchase orders, and other required documentation is received by Workday Contracts Administration within five (5) business days of the electronic version.

Qualified Attainment excludes: Discounts and/or free products and services; referral fees, sales assistance, royalties, non-subscription based implementation services, test environments (Tenants), development reimbursements for creation of product functionality, languages or documentation, and education services (except as expressly stated in Goal Sheet).

Contingencies

Un-committed Fees related to any contingent term(s) in a MSA are not eligible to become Qualified Attainment except as specified in the Sales Crediting Rules document and Bookings Policy found in the Sales Comp Corner.

Qualified Attainment will not become Earned Attainment until all conditions below are met. Calculation of all earned commissions will factor in the amount of unearned advanced Qualified Attainment incentive compensation payments without regard to what Plan Period during which

unearned advanced Qualified Attainment incentive compensation was paid and the Plan Period during which the commission calculation is made.

Earned Attainment

Incentives are considered earned only when all of the following conditions are met:

1. Participant has documented meaningful contributions toward the successful closure of the transaction, including active participation in the sales process (e.g., lead qualification, product demonstrations, contract negotiations, or strategic solutioning). The mere act of adding oneself to a SFDC record or providing administrative support does not constitute eligibility for commission.
2. Compliance with Payment Terms. Workday has collected payment in accordance with the terms and conditions of the Payment Terms set forth in the applicable customer or partner MSA.
3. Contingencies. Participants are not eligible to earn incentives for uncommitted fees or credit associated with contingent terms including, but not limited to Right to Terminate, Non-Standard Acceptance, and Right to Reduce.
4. Revenue Recognition. Participants do not earn Incentives until Workday recognizes revenue corresponding to the Incentives under generally accepted accounting principles ("GAAP").
5. Windfall, SSR, and High Earnings Reviews. Incentives are not earned until Workday has completed a review and approved the compensation treatment as detailed in the "Commission Calculation and Payment" section of this policy.
6. Errors. Any erroneous payments made to a Participant, including those caused by manual/system errors, are unearned.

Contracts which cancel due to customer non-payment will not become Earned Attainment and any advanced commissions will be factored into the calculation of future advanced Qualified Attainment incentive compensation payments.

13. Commission Calculation and Payment

Commission Calculation and Payments

Commissions will be calculated and advanced based on Qualified Attainment as determined by the Participant's Plan eligibility. Notwithstanding anything to the contrary in the Plan, in no event will more than one Participant in any one eligible role be entitled to receive credit or payment for the same transaction except as explicitly set forth in the Section herein entitled "Split Policy," in another formal written agreement from Management, or if the eligible Participant is tied to a territory/team Quota.

Any incentives under the Plan will be paid to eligible Participants through the Workday payroll process. Deductions for any and all required taxes, or other deductions required by local law and/or otherwise authorized by the Participant, will be made from any incentive amounts prior to payment. Any U.S. dollar amounts set forth in the Plan or specified in other incentives, will be paid in local currency. In its sole discretion, the Company may audit any Participant's compliance with the Plan and adjust commission eligibility accordingly.

If a Participant believes they should receive incentive compensation outside the Plan, they should submit an [Exceptions Inquiry](#) in [ServiceHub](#) as soon as possible, but by no later than 90 days of deal close, to the fullest extent permitted by applicable law. Exceptions will be reviewed on a monthly basis and, if approved, will be paid 2 months in arrears of submission. Exceptions are not considered commission adjustments.

Windfall Policy

For any transaction or series of related transactions, either standing alone or together, Workday may take extra time to thoroughly review opportunity details, including Salesforce data inputs, to ensure the Participant's level of involvement, effort, and participation in deal closure are aligned with job duties, incentive compensation eligibility, and applicable policies. No incentive amount is eligible to be earned until this review has been performed and completed, in Workday Management's sole judgment and discretion. The review may affect commission calculations and payment timing.

Calculation of Commissions

Commissions on each transaction will be calculated after ACV becomes Qualified Attainment and shall be equal to the product of Qualified Attainment and the applicable commission rate as set forth in the Participant's Individual Goal Sheet and in accordance with this Plan.

For Direct Sales Roles only: A condition to the above is that Non-Standard transactions such as Supersede and Replace opportunities, or opportunities resulting in more than \$250,000 USD in commissions require further review by Sales Compensation. In these cases, 50% of commissions will be credited at the time of deal close and the remaining 50% will be calculated and credited following completion of review, two months in arrears.

The Plan describes a discretionary benefit scheme and may be modified or terminated in whole or in part at any time by the Company at its sole discretion, to the fullest extent permitted by applicable law.

*Subject to the full details in Sales Attainment, Qualified Attainment, and Earned Attainment.

Commission Payment Dates

Commissions for unearned Qualified Attainment advances will be paid, after they are credited, on the first sales commission paycheck following the period in which the Qualified Attainment occurred, subject to the "Calculation of Commissions" section above. Payout frequency will vary by role; consult your Individual Goal Sheet for your payout details.

Commissions for attainment during the February period will be paid 2 months in arrears (April) to ensure accuracy of sales system changes for FY2027.

Commission Review by Participant

All Participants must review their commission statements and commission payments as soon as they are received for accuracy, including for any overpayment by the Company. If there are any errors in the commission statement or commission payments, or if there is a dispute about commission eligibility, Participants must raise a [Commissions Inquiry](#) in [ServiceHub](#) as soon as possible, but by no later than 90 days after receipt of the corresponding commission statement, to the fullest extent permitted by applicable law. Failure to report errors in commission statements or commission payments may result in discipline, including the termination of employment.

Commission Overpayment and Payment Recovery

All incentive compensation payments based on Qualified Attainment are advances until they become Earned Attainment pursuant to the terms of the Plan. In accordance with the terms of the Plan, and applicable laws, because the Qualified Attainment incentive compensation payments, including those made due to manual or systems error, are unearned incentive advances, any Qualified Attainment incentive compensation payment that does not become an Earned Attainment, and is therefore not earned, in whole or in part, shall be used/adjusted in the calculation of future advanced Qualified Attainment incentive compensation payments, up to 15 months from the payment date. All commissions will factor in the amount of the unearned advanced Qualified Attainment incentive compensation payments the Participant has at the time of the commission calculation without regard to what Plan Period during which unearned advanced Qualified Attainment incentive compensation was paid and the Plan Period during which the commission calculation is made.

Opportunity Holdover Policy

When accounts move out of a salesperson's territory mid-year due to an organizational change, they may be eligible for an Opportunity Holdover which grants eligibility for commissions on an active opportunity if closed within the allocated time frame, not to exceed 90 days.

If approved, only one (1) Opportunity Holdover is allowed per account change event. Opportunity Holdovers which close in the current fiscal year will receive commissions based on the applicable rate listed on the Participant's FY2027 Goal Sheet for their respective role.

During any applicable account change events where a Holdover may be requested, the Participant must request an Opportunity Holdover via an [Exceptions Inquiry](#), as soon as possible,

but by no later than 90 days of deal close, to the fullest extent permitted by applicable law, and receive approval by Global Sales Compensation to be eligible for commissions.

Self-selected role transfers are ineligible for Opportunity Holdovers.

Built on Workday (BoW) / Connect Platinum Tier Partner Deals: Due to unique circumstances of opportunity management and verification, the AE who registered the opportunity with the partner (POR) will be eligible for a Holdover for 180 days from any account change event.

Additional information regarding the Opportunity Holdover Policy is located in the Sales Comp Corner.

Open Territory Policy

When there is an Open Territory due to an unfilled position and the manager needs assistance to close active opportunities, they may allow a Participant with similar product eligibility to cover the opportunity. Since the covering Participant will not be eligible for commissions per their Plan, requests to cover an Open Territory opportunity must be submitted via [Exception Inquiry](#) in [ServiceHub](#) and approved by Global Sales Compensation at least 15 days prior to the close date.

Approved covering Participants may be eligible for Quota credit and commissions for opportunities which close in FY27. For Renewal opportunities, approved covering Participants may be eligible for commissions only (no Quota credit). The RSD is responsible for covering all opportunities once moving beyond the Negotiate stage in SFDC and no other Participant may be assigned to the opportunity.

Sales Management

An RSD may only cover opportunities in a separate territory when there are two (2) or more vacant RSD positions. Such exceptions require formal approval and are compensated up to the Base Commission Rate only. No quota credit will be provided.

Split Policy

It is critical that good communication and cooperation exist within Workday to maximize chances of closing transactions and minimizing expenses. The split policy is designed to reward individual effort as well as teamwork. This policy applies when two or more Participants cooperatively work together on an opportunity that results in an MSA / amended MSA.

The Split policy applies to all splitting of fees unless otherwise approved by Global Sales Compensation. Splits must be properly reflected in the Salesforce Customer opportunity, and all parties must sign a mutually agreed upon split agreement that has been reviewed and approved by Global Sales Compensation. Split allocations cannot exceed 100% of the total deal ACV, with the exception of Global Account splits, as documented in the Sales Crediting Rules.

Additional information regarding the Split Policy can be found in the Sales Comp Corner.

14. Plan Transfers / Plan Close Out / End of Performance Period

There may be cases where a Participant exits the Plan during the Performance Period. In each of these cases, individuals will be subject to the following:

True Up

At the point of a Plan close out, either resulting from the Participant's transfer to another role, termination of employment, the end of the Performance Period, or any other reason causing the Participant to no longer be eligible to earn incentive compensation, the Administrators will reconcile the difference, if any, in incentives earned under the terms of the Plan versus unearned advances paid to a Participant ("True Up"). In the case where advances exceed earned incentives, then the Participant will be obligated to repay the Company the amount of the difference, to the fullest extent permitted by applicable law. If the Participant remains a Plan Participant, the unearned amounts will be used/adjusted in the calculation of future advanced Qualified Attainment incentive compensation payments.

In the case of a termination of employment, Workday will deduct any unearned advances from any amounts that may be due to the Participant, including but not limited to the final paycheck of

the Participant, to the fullest extent permitted by applicable law. In the event the unearned advances are not recovered upon termination, the Participant must immediately repay Workday all advances that are outstanding and therefore due and owing.

15. Leaves of Absence

For the purposes of the Sales Compensation Plan, leave of absences will encompass both leaves and time-offs for plan administration. “Qualified Leaves” include but are not limited to, maternity leave, bonding time, medical leave or sabbatical as defined by People and Purpose (P&P). “Non-Qualified Leaves” include, but are not limited to personal and educational leaves. Participants can confirm if their leave or time off is classified as a Qualified or Non-Qualified Leave by submitting a [People Guide Request](#).

A Participant may be eligible to earn or be advanced a commission during a Qualified Leave for up to 26 weeks per event. Participants on Non-Qualified Leaves are not eligible to earn or be advanced a commission during their absence.

Individual Quota Participants: When a participant takes a Qualified Leave for at least six consecutive weeks, they will be eligible to receive payments equal to 75% of their monthly Target Incentive Compensation for up to 26 weeks of leave.

Team / Territory Quota Participants including Sales Managers: Participants on a team / territory Quota who take a Qualified Leave will remain eligible to earn commissions and bonuses under their current plan for up to 26 weeks of leave.

In cases where the manager does not have bandwidth to close active opportunities while an Individual Quota Participant is on a LOA, they may request for another Individual Quota Participant with similar product eligibility to cover these opportunities. Requests must be submitted as an [Exception Request](#), and approved prior to the covering AE working the opportunity. The covering Participant will be eligible for 100% commissions and Quota credit for closed Net New / Add-On opportunities. Renewals will receive commissions only.

Nothing in this section of the Plan is meant to interfere with any Plan Participant’s right to take a leave or to otherwise violate that Participant’s rights with respect to a leave. Workday will comply with all applicable laws, inclusive of all federal, national, state, provincial and local laws regarding compensation and job reinstatement rights of a Participant taking a leave. Additional information regarding leaves can be found in the Sales Comp Corner.

16. Termination

Upon termination of employment or transfer to an ineligible position, including moving to a non-working status, Participants are only eligible for compensation they earned according to the terms of this Plan as of the Last Day of Work or the effective date of the transfer, unless legally required otherwise. No commission can be earned for opportunities which close after the aforementioned dates.

17. Plan Administration

This Plan will be administered by Workday Management and its designees, who reserve the sole and absolute discretion to interpret and administer this Plan, to the fullest extent permitted by applicable law, including but not limited to the rights to:

1. Select Participants to be eligible to earn or be granted incentives under the Plan;
2. Determine or revise Participant performance metrics based on the financial performance of the Company for the fiscal year, or any part thereof;
3. Determine the size, types and terms of the incentives to be made to each Participant;
4. Interpret the provisions of the Plan, and make all determinations necessary or appropriate for the administration of the Plan;
5. Reduce any amount eligible to be earned, based upon the financial performance of the Company, the Participant’s role and responsibilities and/or actual performance and contributions during the Plan Period or any other factor, to the fullest extent permitted by applicable law;
6. Amend, suspend or terminate this Plan in whole or in part at any time for any reason;

7. Make any adjustments or revisions to rates, targets, goals, incentive eligibility, term of Performance Periods, term of the Plan, Opportunity Holdovers, and all other matters pertaining to this Plan; and
8. Resolve all matters of interpretation and disputes that may arise regarding the terms of this Plan, and any matters not covered by the provisions of this Plan.

Management Discretion

In all instances in which the Plan, including these General Terms, grants to the Company or its representative the right to take any action and/or make any decision or determination, the Company or representative shall have the right to take the action and/or make the decision or determination in its discretion in a complete and unfettered manner.

Payment of Incentives

The Administrators of the Plan intend to make payments under the Plan in accordance with established performance criteria in the month following the end of the Performance Period once payments are fully calculated. The Plan Administrator will not be required to make payments within that time frame or sooner, unless required by local law or otherwise communicated.

18. Deal Structure Policies

Minimum Deal Threshold for Unit Credit

For Participants measured on Unit Attainment, the following Minimum Deal Thresholds apply:

Deal Type	Commercial	Medium Enterprise	LE / Majors
FINS	99,000 USD	140,000 USD	None
HCM	99,000 USD	175,000 USD	None
Platform	150,000 USD	230,000 USD	None

Any opportunity with ACV below these thresholds will not qualify as a Unit for attainment toward the Plan. Minimum Deal Threshold does not apply towards ACV attainment eligibility if all other requirements are met.

Legal and Finance Approval of Non-Standard Contract Terms

When a new or amended MSA contains non-standard contract terms, legal counsel must be consulted by Salespersons and Sales Management to help ensure compliance with standard Workday practices. Participants must obtain prior written approval from Workday's legal counsel for all proposed transactions that differ from the standard Workday form, terms and/or conditions. Additionally, Workday's Revenue Recognition team must be consulted on all non-standard SaaS, Education Services, and Implementation Service agreements to help ensure compliance with revenue recognition policies. Every Participant is responsible for ensuring all new or amended MSAs comply with standard Workday practices. Any new or amended MSAs that have not been reviewed and pre-approved in writing by Workday Management are not eligible for Sales Attainment or Commissions under the terms of this Plan.

Approval of Implementation Services and Education Services

Prior to being discussed with or offered to a prospective Customer, all statements of work for all Implementation Services and Education Services must be approved in writing by the appropriate level of Management as set forth in the Approval Matrix found in Seismic

Expiration of proposals

All pricing proposals expire ninety days (90) from the date of issue, or end of the fiscal year, and will need to be re-issued with proper approvals in order to count towards Qualified Attainment.

Discount Structures and Approval

Discounts must be tied to a specific discount reason on the MSA/UMSA, and those tied to cash collections cannot apply to future fees due from customers related to Renewals or to Expansions.

Prior to being discussed with or offered to a prospective Customer, discounts must be approved in writing by the appropriate level of Workday Management as set forth in the Approval Matrix. Failure to include on the MSA a Software as a Service module, an Education Service, or an Implementation Service, that the Customer has been promised, is considered a discount of 100% without approval and will not be earned or considered Qualified Attainment or otherwise in the calculation of an incentive under the Plan. In addition, such failure may result in discipline, up to and including termination of employment, to the fullest extent permitted by applicable law.

Documentation of Approvals

Participants are responsible for obtaining, saving, and promptly providing when requested, all written internal approvals that are required pursuant to the Plan.

19. Compliance with Company Policies, Including the Code of Conduct

Code of Conduct Adherence

Eligibility for incentive compensation under the Plan is conditioned upon the Participant complying with all Company standards of conduct and policies including, but not limited to, the Workday Code of Conduct, Selling With Integrity, Conflict of Interest, Gifts and Entertainment Policies, and the Workday Anti-Corruption Policy, among others, in the course of all dealings with customers and potential customers, governmental agencies and their employees, Workday employees, and all partners/consultants/contingent workers and other third parties.

In addition, all Participants must comply with applicable laws including, but not limited to, those prohibiting the offering of a payment or any other benefit to any public official for the purposes of: (1) influencing any act or decision of such person in his/her official public capacity, (2) obtaining, retaining, or directing business, or (3) influencing legislative, judicial, administrative, or other official outcomes. If there is any question or doubt as to whether a particular action is appropriate, the Participant must discuss it in advance with the Management, the Integrity Team, or Legal, Compliance and Corporate Affairs (LCCA). Failure to adhere to these rules and all General Terms may result in disciplinary action, up to and including termination of employment, to the fullest extent permitted by and in accordance with local rules and requirements. Any sale or contract obtained in whole or in part by violating any Company rule or any law will not be considered earned or otherwise eligible for incentive compensation.

Plan Confidentiality

The Plan contains confidential information that is proprietary property and constitutes trade secret information belonging to Workday. It is intended for personal reference by Participants only and is not to be disclosed to any third party without the prior written consent of Workday. Except and as prohibited by applicable law, the Participant agrees that during and after employment, they will maintain their individual sales targets, the Company's sales performance, and the contents of the Plan as confidential and proprietary information. The Participant further agrees that they will not disclose the contents of the Plan unless, and to the extent such disclosure is required by law, by a governmental agency, or in a document required by law to be filed with a governmental agency, or court of law or arbitrator as applicable. This restriction does not apply to such disclosure by a Participant to members of their immediate family or their tax, legal, or financial advisors. However, the Participant agrees to use reasonable efforts to protect against any disclosure by such persons. This provision does not prohibit a Participant from discussing or disclosing terms and conditions of their employment nor the amount of his or her wages, including wages earned or earnable under this Plan.

20. "At-will" Employment - U.S / Discretionary Benefit

To the fullest extent permitted by law, nothing in this document or in the Plan shall be deemed to give any person any claim or right to continued employment with the Company. Employment with the Company is "at will." At will means that employment may be terminated by either the Company or the employee at any time and for any or no reason, with or without notice. Nothing in this document or in the Plan creates a contract of employment between a Plan participant and the Company for continued employment.

In any country or U.S. state that does not recognize the doctrine of "at will employment," this document does not form part of any contract of employment nor shall the terms or conditions be

deemed an acquired right; this is a discretionary benefit scheme, limited in time, and Workday reserves the right to review, interpret, rescind and/or amend these documents at any time, with or without prior notice, to the fullest extent permitted by law.

21. Governance

Plan Acceptance

In order for the Participant to be eligible to earn any incentive payments under the Plan, both the General Terms and Goal Sheet must be accepted by the Participant in Xactly. Managers must review and accept the Goal Sheet prior to being routed to the Participant.

Plan Supersedes

The Plan supersedes any other incentive plans that an employee may have previously signed, participated in, or was eligible to participate in.

Dispute Resolution / Plan Interpretation

In the event of a dispute over the application or interpretation of the Plan, including but not limited to, sales credit disputes or issues with payments, the Plan Participant must prepare a written document describing the situation and provide supporting documentation to the Plan Administrators as soon as possible but by no later than within 90 days of the alleged pay event. The Plan Administrators have the sole discretion to interpret the Plan and determine treatment of the dispute and the determination is conclusive and binding.

Severability

In the event that one or more provisions of the Plan shall for any reason be deemed void, unenforceable or invalid by a court or arbitrator of competent jurisdiction, as applicable, the remainder of the Plan, as applicable, will remain legal, binding and enforceable, to the fullest extent permitted by applicable law.

Side Letter Prohibition Policy

Side Letters are agreements, whether written or oral, informal or formal, which alter or purport to alter the terms of an MSA which is not approved in writing by Workday Management before it is made. Side Letters are strictly prohibited by Workday. Participants acknowledge and agree that any violation of this Side Letter Prohibition policy or portion thereof will invalidate the transaction at issue and will render the Participant ineligible to earn or participate in the Sales Compensation Plan, and will also subject the Participant to disciplinary action, up to and including termination of employment, to the fullest extent permitted by applicable law.

Settlement Prohibition Policy

From time to time, a Customer might request a concession due to real or perceived issues with the Software as a Service, Implementation Services, or an MSA. Participants acknowledge and agree that they shall not offer or suggest or otherwise discuss with a Customer any concession to, settlement regarding, addition to or change to any MSA without first obtaining written approval from Management and a contract release amendment from Workday Legal. Participants acknowledge and agree that any violation of this policy or portion hereof will render the Participant ineligible to earn or participate in the Sales Compensation Plan, and will also subject the Participant to disciplinary action, up to and including termination of employment, to the fullest extent permitted by applicable law.

Appendix I: Definitions:

“Additional Full Service Equivalent (FSEs) at Renewal” refers to growth on products already sold to the customer at the time of renewal against the original baseline.

“Add-On ACV” is a transaction with an existing customer for purchase of additional Workday products.

“Active Employment” means the Participant is on the active payroll of the Company or on a Company approved statutory leave of absence.

“Advance” is a pre-payment of commissions before they are actually earned. Advances are offset by future earned commissions.

“Annual Contract Value (ACV)” is the average annual value calculated by dividing TCV by the number of months in the Order Term of the Order Form and multiplying by twelve (12).

"Approval Matrix" is that document, as it may be updated from time to time by Workday, which sets forth the Workday approval required for any deviation from standard Workday policies, including but not limited to: (i) standard agreement templates; (ii) standard discount policies; and (iii) standard payment terms. The current Approval Matrix can be found as part of the Pricing Initiator within the Sales Portal.

“Bounty” is a form of bonus which offers a fixed amount for completion of a specified objective as communicated by Workday.

“Close Date” is the point in time in which the opportunity is marked as Closed/Won and has no further open actions. This close date is reflected in the Salesforce opportunity and is not always equal to the Closed/Won date.

“Closed Opportunity” is when the opportunity is both marked as Closed/Won in Salesforce and the Close Date has passed.

"Commissions" means that portion of your compensation that is earned based on Qualified Attainment, Earned Attainment. "Customer" means a legal entity that obtains a right to use the Software as a Service.

“Days on Plan” is the number of calendar days from the date when the Participant becomes active on plan until the end of the fiscal year (1/31/2027).

“Deal Close” is the point in time in which the opportunity is both marked as Closed/Won in Salesforce and the Close Date has passed.

"Education Services" means those training services provided by Workday including but not limited to: Learn On- Demand and Workday Adoption Toolkit.

"Fees" are those amounts to be paid to Workday by Customers for its service offerings pursuant to MSAs.

“Full Year Quota” is the Quota assigned for the full fiscal year, effective February 1, 2026 until January 31, 2027.

“Growth Events Uncovered by Sales” refers to additional population (new branches, M&A, and/or increase in other pricing metric) uncovered by the Participant that required sales activities for already purchased products.

"Implementation Services" means those consulting services provided by Workday's professional services organization under the terms of a statement of work, including but not limited to: implementation, customization, or integration.

“Last Day of Work” is the final date on which an employee is actively performing their assigned job duties. Last day of work is not always equal to the Termination Date.

"Learn On-Demand" and "Adoption Toolkit" mean those training services provided as a subscription-based standard service offered by Workday.

“Master Subscription Agreement” or “MSA” means that original or amended written agreement and any Order Forms issued thereunder signed by Customer and accepted by Workday pursuant to which a Customer obtains a right to use the Software as a Service, or purchases Implementation Services or Education Services.

“Net New ACV” results from a sale of product to a customer who is not currently on core or non-core Workday products. Existing core Workday customers who purchase other Workday products/services are not considered Net New ACV.

“New ACV” is the sum of Net New and Add-On ACV.

“New Product / Additional SKU” refers to sales of additional product(s) to an existing customer.

“Non-Working Status” is the point at which an employee has completed their Last Day of Work and is no longer actively performing job duties, but still remains a Workday employee.

“On-Target Earnings (OTE)” is the sum of a Participant’s Base Salary and Target Incentive Compensation

“Order Form” is a document that supplements the MSA and outlines the commercial terms related to a particular transaction.

“Partner Primed Deployments” Implementations led by Workday partners.

“Plan Effective Date” is the date in which a Participant becomes eligible to earn incentives under the Plan.

“Plan Close Out” is the date at which the Plan is no longer in active status due to role change, termination, or issuance of a new Plan. After the Plan Close Out date, no commissions are eligible to be earned.

“Proration Factor” is the number of Days on Plan divided by the total number of days in a calendar year (365).

“Prospect” means a potential customer qualified on the basis of their buying authority, financial capacity, and willingness to buy.

“Qualified Account” means an account that has been approved by Management to be part of a Plan Participant’s Territory.

“Qualifying Period” is the number of months that constitutes the term of MSA beginning on the effective date, that are included in the calculation of Annual Contract Value, which may not be less than thirty-six (36) months.

“Quota Attainment” is the measure of performance against the Participant’s assigned Quota as shown on their Goal Sheet.

“Renewal ACV” results from a transaction which extends the current commitment period of an existing contract.

“Reporting Obligation” refers to the annual reporting obligation each customer has to report current FSE count on each contract anniversary. In the case the FSE count is above the permitted limits set in the contract, they will pay an additional fee covering 12 months.

“Role Start Date” is the date in which a Participant is hired or transferred into a Workday role.

“Sales Comp Corner” is an official repository located in Seismic that contains supplemental Sales guidelines and policies, such as the Bookings Policy and Sales Guide to Operations, which are incorporated into the Plan.

“Sales Period” is the timeframe for which sales attainment and commissions are evaluated, usually monthly.

“Salesforce” or “SFDC”: Salesforce.com, Workday customer relationship management (CRM) system.

“Self-reported Growth Event” refers to growth events self-reported by the customer (typically a 5+% increase over permitted levels) process without Sales effort. Limited to products already sold to a customer and increases within it.

"Side Letter" means any agreement, whether written or oral, informal or formal, which alters the terms of an MSA that is not approved by Workday Management before it is made.

“Supersede and Replace” refers to replacement of an existing contract mid-term typically to accommodate growth within products already sold to a customer.

“Tier 1 Commission Rate” is the Commission Rate aligned to the lowest attainment tier in the Goal Sheet.

“Target Incentive Compensation” is the amount of incentives that a Participant can earn if they achieve 100% of their Plan metrics.

“Total Contract Value (TCV)” represents the total amount contractually guaranteed to Workday and should match the total subscription fees listed within the Order Form, with the exceptions listed below.

“Unit” is a single closed/won opportunity.

"Xactly" is the system where both the General Terms and the Individual Goal Sheet must be accepted by the Participant to become eligible for incentive payments. Additionally, it is the system of record for all sales attainment and incentives credited to the employee.

Acknowledgement and Agreement

The undersigned Plan Participant acknowledges they have received and read this FY2027 Workday Sales Compensation Plan General Terms, signed by a member of Management, and agrees to all of its terms and conditions, and that together with the undersigned Plan Participant's corresponding Goal Sheet, collectively constitute the FY2027 Workday Sales Compensation Plan (the "Plan"). The undersigned Participant further acknowledges and agrees that no representations, promises or predictions have been made regarding the terms and subjects covered by the Plan, except for those specifically contained in the Plan.

The undersigned Participant further acknowledges that they have reviewed all additional information about Sales guidelines and policies found in Seismic, the Sales Comp Corner, and "Sales Guide to Operations", and "Bookings Policy", which are expressly incorporated in the Plan. The undersigned Participant understands that they are bound to the terms and conditions of these documents and that they are obligated to review these documents periodically, when notified of a change to them, or when instructed to do so by Management.

The undersigned Participant also acknowledges that all incentive compensation payments based on Qualified Attainment are advances until they become Earned Attainment pursuant to the terms of the Plan. In accordance with the terms of the Plan, and applicable laws, because the Qualified Attainment incentive compensation payments are unearned incentive advances, any Qualified Attainment incentive compensation payment that does not become an Earned Attainment, and is therefore not earned, in whole or in part, shall be used/adjusted in the calculation of future advanced Qualified Attainment incentive compensation payments, after it is determined that the Qualified Attainment shall not become an Earned Attainment, in full or in part. The Participant understands and agrees that calculation of all commissions will factor in the amount of the unearned advanced Qualified Attainment incentive compensation payments, as determined above, the Participant has at the time of the commission calculation without regard to what Plan Period during which unearned advanced Qualified Attainment incentive compensation was paid and the Plan Period during which the commission calculation is made.
